The registration fee will also reserve a space for your child in our classes. **A student will not be considered registered until we have received the registration fee.**

When choosing a dance class remember this: Ballet is key! Ballet provides a strong technical foundation that will benefit students in other dance classes. It teaches body placement, alignment, balance, control, grace, and much more. We highly recommend ballet to our students and throughout their dance training.

Where to Purchase Dance Shoes & Dancewear: Students will need to purchase dance shoes and dancewear **BEFORE** classes start, and may do so at the studio registration. Students must be present to be fitted for dance shoes in person as we are unable to estimate dancer's shoe sizes. **Please know that we will not be able to fit students during the first week of classes.** Dance shoes and dancewear must be paid in full at registration.
